History

The Aussiepom is a relatively new breed, with the first dogs being bred in the early 2000s. The breed was developed by crossing an Australian Shepherd with a Pomeranian, with the goal of creating a dog that had the intelligence and athleticism of the Australian Shepherd, with the smaller size and affectionate nature of the Pomeranian.

Traits

Aussiepoms are typically small to medium-sized dogs, with males weighing between 18 and 25 pounds and females weighing between 15 and 20 pounds. They have a thick, double coat that can be black, blue merle, red merle, or sable. Aussiepoms have a friendly and outgoing personality, and they are known for their intelligence and loyalty.

Health

Aussiepoms are generally healthy dogs, but they are prone to certain health problems, including:

- Hip dysplasia
- Elbow dysplasia
- Patellar luxation
- Eye problems
- Allergies

Care

Aussiepoms are relatively easy to care for. They need regular brushing to keep their coat healthy, and they should be bathed every 1-2 weeks. They also need regular exercise, as they are a very active breed.

Behavior

Aussiepoms are intelligent dogs that are eager to please. They are also very social animals, and they enjoy spending time with their family and friends. Aussiepoms are typically good with children, and they can also be good with other dogs and animals.

Diet

Aussiepoms should be fed a high-quality diet that is appropriate for their age and activity level. They should be fed 2-3 meals per day, and their food should be divided into equal portions.

Interacting

Aussiepoms are very social dogs, and they enjoy interacting with people and other animals. They are also very intelligent, and they can learn new tricks and commands quickly. Aussiepoms are very loyal and affectionate dogs, and they make great companions.

Costs

The cost of owning an Aussiepom can vary depending on a number of factors, including the breeder, the age of the dog, and the location. The average cost of an Aussiepom puppy is between \$500 and \$1,000. The cost of food, vet care, and other expenses can add up to an additional \$500-\$1,000 per year.

Health Care

Aussiepoms are generally healthy dogs, but they can be prone to certain health problems. Regular vet checkups are important to ensure that your dog is healthy and to catch any potential health problems early. Your vet can also recommend a vaccination schedule and other preventive care measures to help keep your dog healthy.

The Aussiepom is a great choice for people who are looking for a small, intelligent, and affectionate dog. They are relatively easy to care for, and

they make great companions. If you are thinking about getting a dog, an Aussiepom is a great option to consider.
