## **Escapism**

One of the main reasons why people enjoy movie musicals is because they can provide them with escapism from the everyday world. When we watch a movie musical, we can enter a world of fantasy and magic, where anything is possible. We can forget about our troubles for a while and just enjoy the music, the dancing, and the story.

This escapism can be especially beneficial for people who are going through difficult times. A movie musical can provide them with a much-needed break from reality, and help them to forget their worries for a while. It can also help them to see the world in a new light, and to realize that there is still beauty and joy to be found, even in the darkest of times.

## **Entertainment**

Of course, movie musicals are also a form of entertainment. They can make us laugh, cry, and everything in between. They can be a great way to spend an evening with friends or family, or to just relax and unwind after a long day.

In addition to being escapist and entertaining, movie musicals can also be inspiring. They can show us what is possible when we set our minds to

something, and they can motivate us to achieve our dreams.

Many movie musicals feature characters who overcome great obstacles to achieve their goals. These characters can inspire us to never give up on our own dreams, no matter how difficult they may seem.

### **Understanding different cultures**

Movie musicals can also help us to understand different cultures. They can show us how people from other cultures live, work, and play.

For example, the movie *West Side Story* is set in New York City's Upper West Side in the 1950s. The film tells the story of two rival gangs, the Jets and the Sharks. The Jets are a white gang, while the Sharks are a Puerto Rican gang.

The film shows us how the two gangs are different, but it also shows us how they are alike. Both gangs are made up of young people who are trying to find their place in the world. Both gangs are also struggling to survive in a tough neighborhood.

### **Connecting with our own emotions**

Finally, movie musicals can help us to connect with our own emotions. They can make us feel happy, sad, angry, and everything in between.

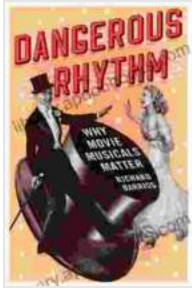

When we watch a movie musical, we are often able to identify with the characters on screen. We may see ourselves in their struggles, their triumphs, and their heartbreaks.

This can help us to understand our own emotions better, and to connect with our own humanity. It can also help us to feel less alone in the world.
