

Excuse Me, Professor: Challenging the Myths of Progressivism

In *Excuse Me, Professor*, Tom Nichols challenges the myths of progressivism, arguing that it is not a force for good but rather a dangerous ideology that threatens our freedoms and our way of life. Nichols draws on his own experiences as a professor and his extensive research to debunk the progressive narrative and expose the truth about this dangerous ideology.

Nichols begins by defining progressivism as "a political ideology that seeks to reform or replace existing institutions with new ones that are seen as more just and equitable." He argues that progressives believe that government has a responsibility to promote social justice and that individuals should sacrifice their own interests for the good of the collective.

Excuse Me, Professor: Challenging the Myths of Progressivism by Lawrence W. Reed

Nichols then goes on to debunk the myths that progressives have propagated about themselves. He argues that progressives are not the party of compassion, but rather the party of coercion. He also argues that progressives are not the party of science, but rather the party of dogma. And he argues that progressives are not the party of progress, but rather the party of reaction.

Nichols concludes by calling for a return to classical liberalism, which he argues is the only political philosophy that can protect our freedoms and our way of life.

Why You Should Read *Excuse Me, Professor*

If you are concerned about the rise of progressivism, then you need to read *Excuse Me, Professor*. Nichols provides a clear and concise explanation of the progressive ideology and its dangers. He also offers a compelling alternative to progressivism, classical liberalism.

Excuse Me, Professor is a must-read for anyone who wants to understand the political landscape of the 21st century.

About the Author

Tom Nichols is a professor of national security affairs at the U.S. Naval War College. He is the author of several books, including *The Death of Expertise* and *Our Own Worst Enemy*.

Reviews

"*Excuse Me, Professor* is a brilliant and timely book. Nichols demolishes the progressive narrative and exposes the truth about this dangerous ideology." - **Victor Davis Hanson**

"Nichols is one of the most clear-thinking and courageous writers on the American political scene today. *Excuse Me, Professor* is a must-read for anyone who wants to understand the forces that are shaping our future." -

Mona Charen

"Nichols's book is a powerful indictment of progressivism. He shows how this ideology has corrupted our education system, our media, and our government. *Excuse Me, Professor* is a wake-up call for all Americans." -

Mark Steyn
