

# Inside Donald Trump's War on Justice and the FBI

Donald Trump's presidency has been marked by an unprecedented assault on the rule of law. He has repeatedly attacked the FBI, the Justice Department, and the intelligence community. He has fired or forced out several top law enforcement officials, including FBI Director James Comey and Attorney General Jeff Sessions. And he has pardoned several people who were convicted of crimes related to the Russia investigation, including former national security adviser Michael Flynn.

Trump's attacks on the justice system are not simply a matter of personal pique. They are part of a broader effort to undermine the rule of law and establish an authoritarian regime.

In his book *Inside Donald Trump's War on Justice and the FBI*, former FBI agent Peter Strzok provides a chilling account of Trump's assault on the justice system. Strzok was one of the lead investigators in the Russia investigation, and he was fired by Trump in 2018 after he was accused of anti-Trump bias.

In his book, Strzok argues that Trump's attacks on the justice system are a clear and present danger to American democracy. He warns that if Trump is not stopped, he will eventually succeed in destroying the rule of law and establishing a dictatorship.

Strzok draws on his own firsthand experience to provide a detailed account of Trump's war on justice. He describes how Trump repeatedly tried to interfere with the Russia investigation, how he fired Comey in an effort to obstruct justice, and how he has pardoned several people who were convicted of crimes related to the investigation.

Strzok also provides a broader analysis of Trump's attacks on the justice system. He argues that Trump's actions are part of a larger pattern of behavior that is aimed at undermining the rule of law and establishing an authoritarian regime.

Strzok's book is a must-read for anyone who is concerned about the future of American democracy. It provides a chilling account of Trump's assault on the justice system, and it offers a clear warning about the dangers that lie ahead.
