

Public Management and the Rule of Law

The rule of law is a fundamental principle of democratic societies. It means that everyone is subject to the law, including the government. The rule of law is essential for protecting individual rights and freedoms, and for ensuring that the government is accountable to the people.

Public managers play a vital role in upholding the rule of law. They are responsible for implementing laws and policies, and for ensuring that the government operates in a fair and just manner. Public managers must also be aware of the legal constraints on their authority, and must avoid taking actions that violate the rule of law.

This book provides a comprehensive overview of the relationship between public management and the rule of law. It explores the key concepts and principles of the rule of law, and how they can be applied to public management practice. The book also examines the challenges and

opportunities that public managers face in upholding the rule of law, and offers practical advice on how to overcome these challenges.

This book is essential reading for public managers at all levels of government. It provides a clear and concise overview of the rule of law, and offers practical guidance on how to uphold the rule of law in public management practice.
