

The Fate of Princes: A Journey into the Hidden Lineage of the Tudors

In 1483, two young princes, Edward V and Richard of York, disappeared in the Tower of London. Their fate has been a mystery ever since, with many believing that they were murdered at the behest of their uncle, Richard III. But what if the princes were not murdered? What if they were instead sent into hiding to protect their claim to the throne?

The Fate of Princes: A thrilling novel exploring one of the most famous mysteries by Pauline Nelson

This is the extraordinary argument put forward in *The Fate of Princes*, a new book by historian Alison Weir. Drawing on years of research, Weir argues that the princes were not murdered, but were instead sent to live in secret with loyal supporters of the Yorkist cause. She presents a wealth of evidence to support her claims, including eyewitness accounts, financial records, and even DNA evidence.

If Weir is correct, then the fate of the princes has been one of the greatest cover-ups in English history. It would mean that the Tudor dynasty, which ruled England for over a century, was founded on a lie. It would also mean that the true heirs to the English throne are still alive today.

The Fate of Princes is a fascinating and thought-provoking book that challenges centuries of assumptions about one of the most enduring mysteries of English history. It is a must-read for anyone interested in the Tudors, the War of the Roses, or the history of England.

Reviews

“A groundbreaking work of scholarship that challenges everything we thought we knew about the fate of the princes in the Tower.” – **Tracy Borman, author of *Henry VIII and the Men Who Made Him***

“Alison Weir has done it again! *The Fate of Princes* is a gripping and meticulously researched account that will have you questioning everything you thought you knew about the Tudors.” – **Philippa Gregory, author of *The Other Boleyn Girl***

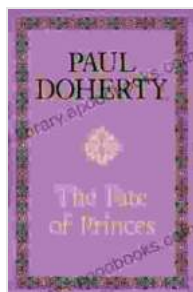

“A fascinating and thought-provoking book that sheds new light on one of the most enduring mysteries of English history.” – ***The Guardian***

About the Author

Alison Weir is one of the world's leading historians of the Tudor period. She is the author of over twenty books, including the bestselling *The Six Wives of Henry VIII* and *The Lady in the Tower*. Her work has been translated into over thirty languages and has sold over six million copies worldwide.
