Baby's Room

Baby Bunny Group: (Photo Frame, Table Box Trim) These cute little fellows can be used to dress up many nursery items. The larger bunny could be applied to an accessory basket or he could add a bit of whimsy to the front of a clothes hamper. The smaller bunny would fit nicely on the front of a tissue box cover or work up two bunnies, tack on wide ribbon and use as curtain tiebacks. This character could also add a playful touch applied to a tote bag used for diapers, bottles or toys.

Bear with Bunny Group: (Curtain Tiebacks, Birth Announcement) These cute little animals have a variety of uses for decoration in the nursery. The bear birth announcement could be worked up omitting the wording and background and used as an infant tablecover decoration. For an adorable crib garland - work several cat or bunny characters without the heart border. Then space on a 1/2" wide ribbon alternating with painted wood beads. You can back each character with felt for added strength and to cover the ribbon.

Our pattern is not just a collection of designs; it's a comprehensive guide that will accompany you every step of the way. We provide detailed instructions, clear diagrams, and helpful tips to ensure that your embroidery projects are successful and enjoyable.
